Women in Business Network Meeting

Business Spotlight: Cedar Craft Wild Bird Center

Wednesday, April 23, 2008

9:00 a.m. - light refreshments provided

Speaker: Judy Wright, Owner

Frustrated with squirrels getting into your backyard bird feeders? Interested in learning more about feeding wild birds? Judy Wright and her husband Larry Jones have owned and operated Cedar Craft since 1999. They have seen tremendous growth in their business over the years and in the number of homeowners/ individuals that are feeding and providing habitats for wild birds. If you have not visited Cedar Craft Wild Bird Center, this is a wonderful chance to learn about how to grow your existing small business and to learn about local wild birds. The WBN has been providing this monthly networking opportunity for working women since 1994.

Please RSVP: Call Jeannie @ 315-255-1183 or email cjs268@cornell.edu

**LOCATION: Cedar Craft Wild Bird Center,
495 Grant Avenue, Route 5, Auburn, NY 13021**
