

ZERO-Phosphorous Fertilizer Watershed Friendly

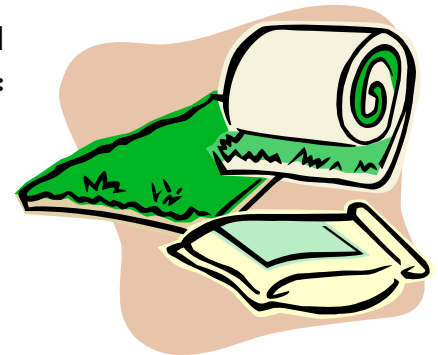

ZERO-PHOSPHOROUS FERTILIZER

- \$10.00 per bag*
- Sold in 50lb. bags
- Total Nitrogen.....20%
- Total Phosphoric Acid.....0%
- Soluble Potash.....10%
- Cayuga County Soil and Water Conservation District cost sharing program provides this affordable price to residents for 2008
- 5lbs. of fertilizer application rate per 1,000 square feet.

This fertilizer is specially designed to reduce phosphorus application on established lawns. This formulation will provide sustained color and hardiness while eliminating the potential negative effects that excess phosphorus has on water quality. For more tips to reduce phosphorous in your watershed contact Cornell Cooperative Extension of Cayuga County at: 315-255-1183.
