

Upcoming Pro-Dairy Events

Registration Open for The Academy for Dairy Executives, Eastern NY
Developing Management and Leadership Skills

Registration is open for the next Academy for Dairy Executives. The Academy is targeted to progressive dairy executives and agri-service personnel who want to increase their knowledge of the leadership and management skills required to run a successful dairy. Participants from the first Academy are enthusiastic supporters:

- “The most valuable part of the Academy is that it helped me better understand my personality, which helps me interact with and manage people better,”
Mark Murray, Murcrest Farm.
- “The Academy gave me a great opportunity to network with other producers as well as continue my education,” Jon Beller, Beller Farms.

Next year’s Academy is in Eastern, NY and includes three one-night sessions over 10 months:

- Session One: January 18-19, 2012, The Desmond, Albany, NY
- Session Two: March 14-15, 2012, Fort William Henry, Lake George, NY
- Session Three: November 14-15, 2012, Radisson Hotel, Utica, NY
