Morning Session - Erosion & Sediment Control 4-Hour Contractor Training - \$95 per person

Presented by Kevin Sumner, District Manager, Orange County Soil & Water Conservation District; John Szarowski, PE, McGoey, Hauser & Edsall Consulting Engineers; and NYS DEC representative.

NYS Department of Environmental Conservation's SPDES General Permit for Stormwater Discharges from Construction Activity GP-0-10-001 specifies that developers, contractors and subcontractors shall have one trained contractor from their company that will be responsible for implementation of Stormwater Pollution Prevention Plans (SWPPP's), and have at least one trained contractor on site on a daily basis when soil disturbing activities are being performed. These trained contractor representatives must receive 4 hours of training in the principles and practices of erosion and sediment control endorsed by NYSDEC, SWCD or CPESC, Inc. **every three years.** This 4-hour workshop will satisfy the trained contractor representative training requirement as specified in this general permit. Upon completion of the course, each participant will receive a NYS DEC Stormwater Training Number on a certificate and wallet card good for **3 years.**

7:30-8:00 AM	Registration, Credit sign ups (Code Enforcement Officer Credits [CEO's] applied for)
8:00-10:00 AM	Regulations, SWPPP Preparation

Get Your Field Notebook Here!

We are offering the "New York Contractors Erosion & Sediment Control Field Notebook" for \$35 (our cost). This is a condensed version of the NY Guidelines for Erosion and Sediment Control. It is a small format book with laminated pages that is ideal for use in the field, containing the important information for contractors without the portions only important to designers. If you would like to purchase a copy, please add the \$35 to your workshop registration fee. Must be ordered by February 20, 2012.
