Phone Number: _____

Property Description/ Purpose: _____

Describe why this property should be considered for a Special Use Exemption under Suffolk County Code Chapter 380 – Local Law 34 -1999.

Describe the following:

1. Specific areas of the site where pest problems are a concern:

2. Specify the pests and quantify the severity of the infestation. I.e.) Sampling and monitoring counts.

3. Pesticide treatments over the past 12 months in quarterly increments.

Chemical Trade Name	Jan. – March Quantity Applied, Target Pest	April –June Quantity Applied Target Pest	July – Sept. Quantity Applied Target Pest	Oct. – Dec. Quantity Applied Target Pest

EXEMPTION FOR SPECIAL USE PROPERTIES

- 4. Give an estimate for the next twelve months of treatments that will be needed to address the specific problem at the site.**

- 5. Describe what practices are currently being done at the site in order to reduce pests and the amount of pesticides used. These may be cultural controls, structural modifications, or sanitation practices.**

- 6. Give reasons why current pest management practices are not working to control pests at an acceptable level.**

- 7. Explain what you are doing to explore and implement alternatives to current procedures that will allow you to substitute the type and or amounts of pesticides currently being used.**

- 8. Explain the consequences and/or justifications involved in the decision to apply the products listed in this Special Use Exemption.**

- 9. Describe limitations to the success of the non-pesticide techniques in pest management. Include any suggestions that may helpful in solving these obstacles.**
